INTRODUCTION BIT.

Hello again, well here we are at the begining of yet another issue of H.O.S.U. Yes this is the tnrld one, and I must admit I am a bit surprised that I've got this far. This is mainly because I'm a bloody lazy sod and don't normally get anything much done, let alone three issues of a fanzine. But I must thank all those who have bought the last two issues and those who have written to me. Because it has been their encouragement that has kept me going. Aswell as others who have kept at me to do more. So thanx alot to all those people. I hope that you will enjoy reading this issue and find something of interset in it. If you do run a fanzine or tape/record distribution service, and would like a mention in the next issue just drop me a note and I will do my best to fit you in somewhere among the pages. Anyway, I'm going now, hope to hear from you soon, bye for now,

LOVE & PEACE,
PAUL.XXX.

DONT DISCUS IT - SMASH IT!

Right, O.K. Enough is enough! Winnie Mandela has spoken out against Apartheid, saying it's time to fight the Apartheid system in the same way it fights and oppresses the Blacks of South Africa. And it's about fucking time we showed support for their campaign against the bastards of the shit system of Apartheid. We must make our feelings known, we must speak out against what can only be described as the worst form of racism that exists in the world today. It's disgusting, it's obscene, it's brutal, cold blooded oppression and murder. Yet it is allowed to continue! How many more innocent people must be torched and murdered at the hands of these bastards before people start to realise the truth about what is happening to the people of South Africa? It's time to stop sitting back on our fat backsides, and shaking our heads, sighing and saying, 'Isn't it terrible.', 'cos that wont help or change a thing. It's time to confront and smash the whole fucking thing. People are all too ready to sympathise with the Black people of South Africa, but they are just as quick to say 'But what can I do?' If it really isn't obvious enough to boycott ALL South African goods, for a start, then you could always try spending 1/ pence on a stamp, and five minutes of your time, and write to an Anti Apartheid group and ask them what you can do.

STOP THEM!

Please write to the prisoners listed, (where there is more than one prisoner at
a prison, write sepearte letters), expressing your solidarity and support and
keep them in touch with what is happening in the movement, though remember ALL
letters to prisoners are opened and censored, so obviously dont discuss anything
that could jeopardise future actions or SOMEONE'S FREEDOM. Please do not expect
a reply as prisoners are restricted as to the number of letters they can write
out in one week, and obviously they will probably want to use these to keep in
touch with people they knew before entering prison. Where a phone number is
included it is for phoning the prison either to enquire about sending or taking
in items to a prisoner and whether they will be allowed, or to enquire about
their diet and protest if it is inadequate. Please do not ^{be} abusive, as the come
back maybe on the prisoner. Also please note you will not be able to speak to
the prisoner.

S.A.R.P.'s aims are :-

1. Distribution of up to date information on prisoners to enable those outside
to write to the prisoners and also to the governors of the prisons to demand
that prisoners are given vegan food, toiletries and clothing without being
members of the Vegan Society.

2. To provide funds for magazines, newspapers, books and radios for prisoners and
for the travel costs of visitors on a low income.

Please send S.A.R.P. any donations you can afford, to provide funds for the above
and a SAE if you would like to receive further lists of prisoners.

If you have any information on prisoners, please let S.A.R.P. know.

STOP THE ROT-SQUAT THE LOT.

Don't want to pay rent? Fed up with time restriction, stropy landlords/landladys turning you away because of the way you look? Can't think of an answer to these and other problems, apart from buying your own house, but can't afford it? Then why not squat an empty house or flat. Take a look around you! There are thousands upon thousands of empty flats and houses around just rotting away, unoccupied and being put to no use at all. So why not make the most of this unesessary waste, as knowone else seems to want to know about it. Just look at a few facts-in your favour; while you are paying £50.00 a week for a damp, dull room, the size of a shoe box. In a house where you can't have your friends round after ten o'clock at night, or can't let anybody stay over night, or where you can't even put posters on the walls. You could live in a house where you can do all the above and have alot more space and freedom, and without the rent. And at the same time you will be making good use of a house that would otherwise be left to rot and decay. But it's not only homes that are left empty for years on end, unattended. There are also old shops, halls, pubs, police stations etc. These can be put to equally good use aswell. Remember the christmas squat gig at the Zig Zag club in 19 1982? Then there was the Arts Center in Woodgreen, and the Hope and Anchor in Islington. Both of which provided a good selection of gigs, plus a place to meet people. And don't forget other squatted places that provided some form of service and entertainment such as the 121 bookshop, Mollys Cafe, The Centro Iberico and so on. There are endless possibilitys as to what you can do once you have squatted an empty building, you could start up a cafe, bookshop, food shop, gig venue, or just a place to live, or even a combonation of these things. Maybe you can think of some other uses for a squat. But don't waste time telling me about them, go and do it, NOW! Next time you are out just take a look around and see how many empty buildings there are in your area. Go on, do something about it. SQUAT THE LOT! If you want any help or advice about squatting write to the Advisory Service For Squatters, you can find the address on another page somewhere in this fanzine, .

P.S. Congratulations and well done to, GOD TOLD ME TO DO IT, for squatting the Lybian peoples bureau-good one.

MEAT IS BLOODY MURDER.

I don't care if you're fed up with reading it, or if you think you've heard it all before, it can't be said enough times, **MEAT IS MURDER!** But there are thousands/millions of people who are to fucking ignorant and greedy to do anything about it. It's always the same old story, they put profits before lives. And every day millions upon millions of animals are brutally murdered just to boost the profits of the big companies and the greed of millions of others. The number of animals eaten by an average person in a 70 year lifetime amounts to, 14 cattle, 12 sheep, 2 calves, 43 pigs, 1107 chickens, 45 turkeys and 861 fishes. That means that 2084 precious and innocent lives are taken by one persons greed, that's to fucking many, ONE is to many. Just think about the number of animals that are slaughtered everyday-worldwide to feed that sort of greed! In the U.S. alone, 15 million pigs, cattle, calves, ~~XXXXXXXX~~ sheep and chickens are killed every day just for human consumption. It is a gross, sick, mindless, and needless figure. Yet we allow it to continue day by day. A lot of people, when they think of meat, just think of the meat they have in their homes and what they see in the butchers shop in the high street. They seem to forget about the fast food industry. People like Mc Donalds, Wimpy, Burger King, Casey Jones etc, and even the dirty greasy cafe on the corner all contribute to this barbaric treatment of our fellow creatures. And don't forget the thousands of restaurants, take aways, hotels, fish and chip shops, and kebab houses, the list goes on and on. Take a look around you, it's everywhere, **MURDER, BLOODY MURDER.** It must be stoped, and now. The slogan Meat Means Murder has two sides to it.

On one hand it means the murder of the animals to produce meat. On the other hand it means the mass starvation of millions of people in the world because of the lack of grain to feed them, due to the amount of grain fed to animals to produce meat for human consumption. People say that they don't agree with this kind of behaviour but they don't know what they can do about it, it's so fucking obvious-DON'T EAT MEAT! It's that simple. There are plenty of other things you can eat instead. So don't say you can't survive without meat, because that is shit. Just ask a few vegans. Meat is murder-and that is an undeniable fact! Look at the facts, and make your own mind up.

AN ADD-ON.
Sorry about the delay in getting this
issue out, but I've had a few hiccups
over the last few months. But here it
is now. Better late than never. I
hope you think it was worth the
wait. It's out in about 2/3 months time.

ACTIVISTS GIVEN SPECIAL TREATMENT.

Those nice, loveable people at the Metropolitan police force have donated a whole 'BRAND NEW' squad to animal rights activists. Isn't that nice of them. The squad is a special unit of the Metropolitan police based at Scotland yard, and is designed to co-ordinate the police campaign against activists nationally. The unit has already resulted in the convictions of dozens of activists all over the country. So be careful! Don't be deterred - fight back!

FIGHT AND WIN, NEVER GIVE IN, TILL THEY'VE ENDED THEIR SIN

FED BLOOD.

The red jacket shows you're there for
the kill,
The children from pony club you throw
them the liver,
They're not told you're a sinner,
You're as bad as the badger baiter,
You spade and club,
You love the blood of the fox cub.

The dislocated limb you tear it off,
Then rub the bloody end down your
face,
Then drink its blood to show life's
debased.

They love your wicked laugh and
"holloa",
The women you want to thrill,
They serve the hunt sherry,
While the animals blood you spill,
Is chased exhausted over the hill.

Its pain were talking not hunt balls
and fun.
Its death and destruction not the type
of your gun,
While you dance and prance in the
blood of the dead,
Reject the crap your slimy parents
fed.

HELP!
GOT A THORN
IN MY FINGER,
AND IT'S - IT'S
BLEEDING!

The fight back is coming,
They'll keep on lying,
Till animal abuse is banished,
Its perpetrators tarnished,
We'll keep up the fight,
Save the oppressed from their
plight.

We won't resort to your
violence,
Tails and fins will be no
hindrance,
We'll keep them on the run,
We'll spoil their oppression and
fun.

You may laugh at us,
You may ignore us,
But we'll never give in,
Till they've ended their
bloody sin.

The above recipes are just a small example of the many dishes that can be used as part of a cruelty free, (vegan), diet. Now you have these few recipes at your fingertips, why not try them, and pass them on to your friends. If you would like to try some more vegan cooking, write to the vegan society and ask them about other recipes and also what vegan cookery books are available. All the above recipes were taken from, 'Gnash The System', by Chumbawamba.

STROLLING DOWN A COUNTRY LANE,
YOU NEITHER HEAR OR SEE THE PAIN,
OF THE INNOCENT ANIMALS TORTURE,
AND OF THE MINDLESS SLAUGHTER,
FOR AMONG THE VALLYS SO GREEN,
THEY'RE DOING THINGS SO OBSOBERN,
THEY'RE KILLING ANIMALS BY THE MINUTE,
THEY'VE GOT A BUILDING WITH YOUR FUTURE IN IT,
BUT THE PASTURE, FIELD AND TREE,
HIDES THE MORBID REALITY,
OF THINGS HEARD OF BUT NEVER SEEN,
DISGUISED BY THE PURITY OF THE COUNTRY SCENE,
TUCKED AWAY IN THE HILLSIDE,
IS A TRUTH SO VILE THEY'VE HAD TO HIDE,
ALL LOOKS SO CALM AND TRANQUILLE,
BUT WHAT THEY HIDE IS GOING TO KILL,
THE COW, SQUIRREL AND THE HEDGEHOG,
WILL SOON BE CHOCKED BY A HEAVY DENSE FOG.

WHAT NEXT?

I hang my head in shame at the thought that it has just been put on the block once again. Why, oh why do people think that war is the only answer to world problems? Why the hell can't they, you see, that peace is the only REAL answer not war, bloody war. It made me want to physically vomit when I heard of 'RAMBO REAGAN'S' latest 'OUTING'. This time it was the people of Lybia who were his victims. But it hadn't stopped there, now his victims are the American and British people too. But he only takes half the blame. Our own darling mother figure, 'THICKHEAD THATCHER', also played a big part in this sick display of human intelligence. For she allowed him to launch his attack from British soil, wasn't that kind of her? But it's a crying shame that they didn't bother to think before they started murdering. Get the message? Let's hope that they do!

ACCIDENT OR NOT-IT HAPPEND, IT COULD AGAIN!

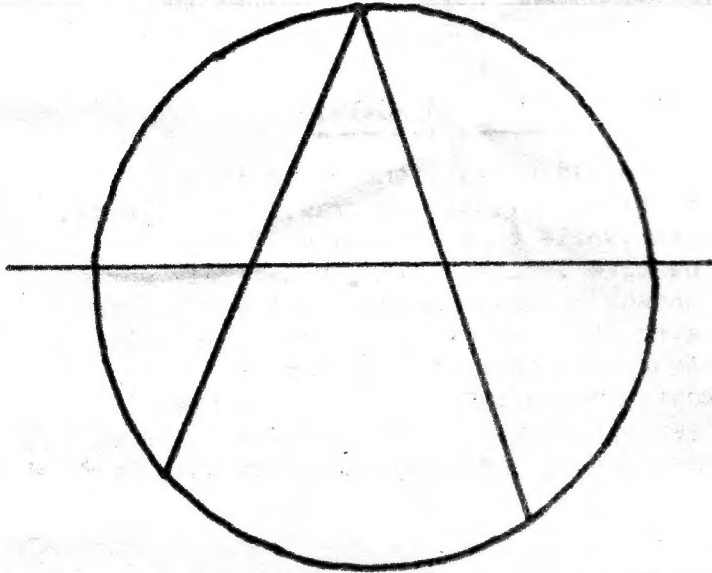

Well it's the Russians turn to terrorise the world now. And they done it in style, no guns, no bombs, no missiles, no midnight raids. Just pure, raw, radioactivity, no shit. But what a coverup story it has been, while that fucking ugly cloud of shit has been visiting foreign lands. Radioactive levels rising dramatically world wide, but we are assured that there is no chance of any danger. Oh, but don't drink the rain water anyway. I hope you've got water proof skin. But Thatcher has told the people of Britain, that there is absolutely no chance of that sort of thing happening over here. Thank fuck for that, what a relief, you know, for a minute I thought we could be in some sort of danger, how stupid of me. Thank you for the reassurance Mrs. Thatcher, (X-here's my cross for the next election.) But what is that cloud up there?

'WASTED WORDS' Zine, No. 1 featuring:-

WHO THE FUCK ARE YOU?

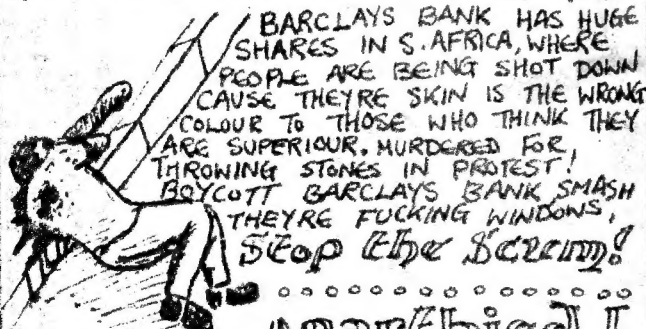

Who are these people who think that they have the right to govern us? Who are they that feel they have right to control and determine the way we live? And who are they who think they can determine the way we die? Just who the fuck are they to tell us what we can and can't do, where we can and can't go, what we can and can't say? No-one has the right to tell you what to do, think for yourself. Use your own fucking head for a change. Don't be told how to live! But it's no good just sitting there nodding your head in agreeance, get up and fucking do it. Take back control of your own mind, don't be pushed around by these people who seem to think they have the right to take away your freedom. They havn't, no fucker has the right to impose anything upon you. Reclaim your freedom, stand up and resist. BE YOU!
